Debra Bolls shared a power point presentation on the CUSD Bond Measure that is going before the Governing Board at their October 23, 2019 meeting. She shared projects that were completed at Pinedale in the last Bond Measure such as a new MPR building, new Kindergarten buildings, modernization of existing classrooms, upgrades to lighting and security cameras, and other upgrades. She discussed that if the Bond Measure is approved to be put on the March voting Pinedale will have the Administration building modernized and improved to district standard. Room 21 will also be modernized to include updates to HVAC system, cabinets, and tack boards. Feedback from parents included concern that most projects in the new bond measure will benefit the Clovis East area and some parents stated that in the CW area it may be more difficult to pass because we will not be receiving as many benefits. Mrs. Bolls reminded parents that ALL schools will benefit from the new bond measure. She thanked families for their feedback and questions.
